

Note to employer

You do not have to use this form but you may find it a useful way to calculate the cash equivalent if you provided a van which was available for private use by a director or employee who earned at a rate of £8,500 or more a year during the year 2015 to 2016 (that is 6 April 2015 to 5 April 2016). Read the P11D *Guide* before you complete this form.

If you use this form you must also fill in forms P11D and P11D(b) *Return of Class 1A National Insurance contributions due*. We advise you to keep a copy of each completed working sheet as it could help you to deal with enquiries. You do not have to give a copy of the completed working sheet to the director or employee, or to your HM Revenue & Customs office.

The term employee is used to cover both directors and employees throughout the rest of this form and includes any member of their family or household.

Payroll van and van fuel benefit in future tax years to avoid completing P11D's. For more information go to www.gov.uk/guidance/paying-your-employees-expenses-and-benefits-through-your-payroll

Make any reduction for sharing of this van

If the van was shared by at least one other employee during the period when it was available to this employee, the benefit charge on this employee is reduced on a just and reasonable basis. Note that:

1. use by all sharing employees is taken into account, even if some were in excluded employment (they earn at a rate of less than £8,500 per annum) and so were not personally chargeable except where any sharing employee in excluded employment is a member of this employee's family or household, in which case their use is disregarded when making the sharing reduction for this employee
2. in the majority of cases where vans are shared, the whole amount at box A will be chargeable but the charge will be allocated between two or more employees.
