

## Note to employer

You do not have to use this form but you may find it a useful way to calculate the taxable amount to be reported on form P11D where you paid mileage allowances to a director, or an employee, using his or her own vehicle for business travel during the year 2015 to 2016 (that is 6 April 2015 to 5 April 2016).

Read the P11D (Guide) and the section on taxation of mileage expense payments within booklet CWG2.

If you use this form to calculate a taxable amount in relation to mileage payments you must also fill in a form P11D unless you have taxed these expenses or benefits through your payroll.

Vehicle used

Cars and Vans

Motorcycles

Cycles

You are advised to keep a copy of each completed working sheet as it could help you to deal with enquiries. You do not have to give a copy of the completed working sheet to the director or employee, or to your HM Revenue & Customs office.

The term employee is used to cover both directors and employees throughout the rest of this form.

Payroll mileage allowance payments and passenger payments in future tax years to avoid completing P11D's. For more information go to www.gov.uk/guidance/paying-your-employees-expensesand-benefits-through-your-payroll
