

P11D Working Sheet 1 Living accommodation 2011-12

Note to employer

You do not have to use this form, but, you may find it a useful way to calculate the cash equivalent if you provided living accommodation for a director or an employee during the year 2011-12 (that is 6 April 2011 to 5 April 2012).

Read the *P11D Guide* and Booklet 480 before you complete this form. Sections 1 and 2 apply to a director or an employee whatever their rate of pay. If you provided any benefits associated with accommodation you may find the checklist at Section 3 helpful.

If you use this form you must also fill in form P11D or P9D. You must also complete form P11D(b) *Return of Class 1A National Insurance contributions due*, if you use this working sheet to fill in form P11D. CWG5(2012) *Class 1A National Insurance contributions on benefits in kind* gives more information.

You are advised to keep a copy of each completed working sheet as it could help you to deal with enquiries. You do not have to give a copy of the completed working sheet to the

director or employee, or to your HM Revenue & Customs office.

The term employee is used to cover both directors and employees throughout the rest of this form.

The term accommodation refers to the living accommodation provided to the employee and the property consisting of that accommodation.

If the employee can choose between:

- taking living accommodation, or
- giving up the accommodation and taking a higher cash wage, then the taxation value of the living accommodation may be greater than the cash equivalent calculated using this working sheet. That will be so if the extra wages the employee could have got (for the period the accommodation was provided) if he/she had given up the accommodation would have been more than the cash equivalent shown in box E or box R, in which case enter that amount of extra wages in section D box 14 of the P11D, or section C box 14 of the P9D.

The additional yearly rent

Complete this section if the cost of the accommodation was more than £75,000.

The cost of the accommodation is:

- the cost of acquiring the accommodation
- the cost of improvements made to the accommodation minus
- any payments made by the employee towards these costs or for the grant of a tenancy.

When considering the costs remember that they can be incurred by:

- you as the employer, or
- the person providing the accommodation, or
- any person connected with either of the above other than the employee.

There is a different rule if the employee first occupied the accommodation after 30 March 1983. If the person providing the accommodation held any interest in it throughout a period beginning six years before the employee first occupied the accommodation, then the figure to enter at box F is the market value of the accommodation at that date, plus the cost of subsequent improvements.

Payments made by the employee towards the cost or for the grant of tenancy	G £
Subtract G from F	H £

The figure at R is the amount to be entered in section D box 14 on form P11D or section C box 14
