

P11D Worksheet 2**Interest Car and Fuel Car 2012/13****Note to employer**

You do not have to use this form but may be useful to calculate the cash equivalent of all cars was available to a director or employee was earning at rate of £ 8,500 a year or more during the year 2012/13 (that is 6 April 2012 to 5 April 2013).

You will need a separate form for each car provided for the director or employee during 2012/13.

Read the *P11D (Guide)* before completing this form. It refer to paragraphs in the booklet 480 (2013).

Details of employer

Name of employer

Employer's PAYE Reference

You are advised to keep a copy of each worksheet because that could help you deal with inquiries. You do not have to give a copy of the worksheet Office employee or to HMRC.

complete forms *P11D* and *P11D (b) Insurance Class 1* State whether you are using this form to calculate a car and car fuel benefits

The word employee to include directors and employees throughout this form.

Details of the employee

Name of Employee

Surname

Name (s)

No work or Department

National Insurance

The car

Make and model of the car was available to the employee

Date car first registered

/ /

Was this the only car that was available to the employee? space No

If 'No', make sure worksheets are filled for each car that was available to the employee during 2012/13

If more than one Worksheet 2 for this employee, enter the number of sheets here

1 Base price of the car

Complete box A as follows

- enter the list price of the car as announced by its manufacturer, importer or distributor
- if the car had no basic price when it was first registered will be asked to give a notional price. That is the price you can reasonably expect it to be the basic price if the manufacturer, importer or distributor has announced corresponding base price for a car commercial for individual sale in the UK
- if the car is a classic car, enter the price that can reasonably expect to get for the car if you had sold the open market on 5 April 2013. If the car was not available at the time of the employee's 2013 then use the last day of the year in which the car was included in the sale. Eligible one classic
 - At least 15 years old on April 5, 2013
 - Worth more than £ 15,000 on the market, and
 - With a market value in excess of the original notional price or base price (including additions).

Price of the car including standard additions

A £

2 Additions

Box B, 1100, P11D (G 11) 1

B £

Price all additions *see P11D (Guide) and booklet 480 (2013)*

£

C £

3 Capital contributions

Capital contributions made by the employee towards the cost of the car or the *maximum* £ 5,000 additions

4 The price used to calculate the car benefit for 2012/13

£

130 17 20 180 27 30

* Not rounding .
The highest value is ** different percentage applies for it. Use the value
This if the figure in box G exceed the maximum.
