Official interest rates

To calculate the cash equivalent of the loan, you will need to know-

- The average official interest rate for the year ending on (. pril #/1& for loans in sterling
Or if the loan was owed for less than the entire year, the average official interest rate for part of the year in which the loan was in existence
- The official rate for Japanese Yen Swiss franc or the loan was made in one of those two currencies and when the conditions in paragraph 17. (of Booklet '9/ are met.

ote- ; hen the official interest rate will remain the same throughout the whole ta2 year, the interest rate the same as the official average official rate e+en if the loan is in place for part of the ta2 year only. 6or details of the official interest rate for #/1,#1& for loans made in sterling, +isit

www.hmrc.gov.uk / rates / interestbeneficial.htm

. form P11D 0s : T3 gi+es details of the official interest rates for #/1#1&. <t is a+ailable by calling the "entre
"ontact ; elsh on 0300 200 1900 Official interest rates for loans in currencies other than sterling
up until early in : o+ember #/1# ha+e been printed in booklet '9/, but later changes known
until the end of the ta2 year. You can get details of your Office official interest rates H ! " too.

Calculation of cash equivalent

=se the following formula for each loan separately, *except when choice has been made to treat loans director as one loan.*

	loan 1	loan #	loan &	loan '	loan
A maximum amount of debt at the latest . pril (, #/1# or the date of the The loan was taken out					
B maximum debt at the earliest from the day the loan was cleared, or . pril (, #/1&					
C Total (A > B)					
D Divide C by #					
E : umber of complete ta2 months in the ta2 year 0?th of the month until the (th of the following month3 the The loan was due					
F Multiply D to E, and di+ide by 1#					
G official interest rate	)	)	)	)	)

ultiply **F G H** with

J Enter the interest paid
#11#1&

The **K** "ash e*ui+alents
loans less **H J**

The figures in K are the amounts to be given in Section H box 15 on form P11D.

<f the employee more than # loan, you can write (see the enclosed) in **Section H box 15** (and attach a copy of this worksheet. **8**ut when completing form P11D **0b3** 'Class 1A National Insurance Contributions Statement, please add the amounts of all loans, in order to calculate the total benefits liable to "lass 1 . :<"s.

Dmployees can choose more comple**2** but accurate method of calculating interest loans dilog or lowFinterest loans.
Dmployers are not responsible for the pro+ision of such computation.
