

Note to employer

You do not have to use this form but you may find it a useful way to calculate the taxable amount to be reported on form P11D where you paid mileage allowances to a director, or an employee, using his or her own vehicle for business travel during the year 2014–15 (that is 6 April 2014 to 5 April 2015).

Read the P11D (Guide) and the section on taxation of mileage expense payments within booklet CWG2.

If you use this form to calculate a taxable amount in relation to mileage payments you must also fill in a form P11D.

You are advised to keep a copy of each completed working sheet as it could help you to deal with enquiries. You do not have to give a copy of the completed working sheet to the director or employee, or to your HM Revenue & Customs office.

The term employee is used to cover both directors and employees throughout the rest of this form.

The calculation on this Working Sheet applies **only** to amounts actually paid to the employee in respect of the expenses of business travel. Amounts paid to the employee for more general purposes should normally have tax deducted at source. Items that are not payments to the employee should be reported in the relevant box of form P11D (or form P9D where appropriate).
